|--------------------------------|------------------|---|
| UPCOMING<br>TALKS              | Dec. 9-11, 2016  | 9. Conference of the ERCIM working group, Seville (Spain), <i>On the perfect reconstruction of partially observed functional data</i> , <b>invited by</b> Prof. Enea Bongiorno.                     |
|                                | Aug. 26-28, 2016 | CRoNoS Workshop at the COMPSTAT 2016, Oviedo (Spain), <i>Reconstructing partially observed functional data</i> , <b>invited by</b> Prof. Alois Kneip.   |
| SELECTED<br>TALKS<br>(2014-16) | Jun. 13, 2016    | 3. ISNPS Conference, Avignon (France), <i>Bandwidth selection for smoothing (non-)sparse functional data with covariate adjustments</i> .   |
|                                | Mar. 2, 2016     | 12. German Probability and Statistics Days, Univ. Bochum (Germany), <i>Anti-proportional bandwidth selection for smoothing (non-)sparse functional data with covariate adjustments</i> .            |
|                                | Feb. 18, 2016    | Research seminar, HU Berlin (Germany), <i>Bandwidth selection for smoothing (non-)sparse functional data with covariate adjustments</i> , <b>invited by</b> Prof. Wolfgang Härdle.                  |
|                                | Dec. 14, 2015    | 8. Conference of the ERCIM working group, Univ. of London (Great Britain), <i>Inference for sparse to non-sparse functional data with covariate adjustments</i> .                                   |
|                                | Aug. 29, 2015    | Recent developments in statistics for complex dependent data, Loccum (Germany), <i>Tricking the curse of dimensionality using random functions and covariables</i> .                                |
|                                | Jul. 6, 2015     | MEPS'15, Wroclaw (Poland), <i>Estimating the price-effects of Germany's nuclear phase-out: A longitudinal/functional data perspective</i> , <b>invited by</b> Prof. Rafał Weron.                    |
|                                | Jan. 27, 2015    | Research seminar, Univ. Regensburg (Germany), <i>Functional data on random domains: The sparse and nonsparse case</i> , <b>invited by</b> Prof. Rolf Tschernig.                                     |
|                                | Dec. 8, 2014     | 7. Conference of the ERCIM working group, Pisa (Italy), <i>Conditional functional data analysis on random domains</i> , <b>invited by</b> Prof. Alois Kneip.  |
|                                | Oct. 2, 2014     | Research seminar, CU Leuven (Belgium), <i>Conditional functional data analysis on random domains: Exploring the price effects of Germanys Energiewende</i> , <b>invited by</b> Prof. Irène Gijbels. |

SELECTED  
TALKS  
(2010-14)

- |               |   |
|---------------|---|
| Jun. 19, 2014 | 3. International Workshop on Functional and Operatorial Statistics, Stresa (Italy), <i>Modeling electricity prices as functional data on random domains</i> .   |
| Jun. 13, 2014 | 2. ISNPS Conference, Cádiz (Spanien), <i>Modeling electricity prices as functional data on random domains</i> , <b>invited by</b> Prof. Alois Kneip.  |
| Mar. 7, 2014  | UCL-ULB Research seminar, ULB Brussels (Belgium), <i>Modeling electricity prices as functional data on random domains</i> , <b>invited by</b> Prof. Siegfried Hörmann.  |
| Sep. 12, 2013 | Recent Advances in Time Series and Econometrics, ULB Brussels (Belgium), <i>Principal component analysis for dependent functional data on random domains</i> , <b>invited by</b> Prof. Marc Hallin.                 |
| Jul. 8, 2013  | 1. Workshop of the scientific research network on “Asymptotic Theory for Multidimensional Statistics”, ENSAI Rennes (France), <i>Principal component analysis for dependent functional data on random domains</i> . |
| Jan. 26, 2013 | Dependent Functional Data Workshop, Univ. Göttingen (Germany), <i>Principal component analysis for dependent functional data on random domains</i> , <b>invited by</b> Prof. Tatyana Krivobokova.                   |
| Jun. 28, 2012 | 7èmes Journées de Statistique Fonctionnelle et Opératoire, Univ. Montpellier (France), <i>Modeling and forecasting electricity spot prices: A functional data perspective</i> , <b>invited by</b> Prof. André Mas.  |
| Jun. 18, 2012 | 1. ISNPS Conference, Chalkidiki (Greece), <i>Modeling and forecasting electricity spot prices: A functional data perspective</i> , <b>invited by</b> Prof. Piotr Kokoszka.  |
| Nov. 22, 2010 | STAPH Research seminar, Univ. Toulouse III (France), <i>Estimation of the semiparametric factor model: Application to modeling time series of electricity spot prices</i> , <b>invited by</b> Prof. Pascal Sarda.   |
